The screenshot shows the Elsevier Journal Finder website. The browser address bar displays the URL <https://journalfinder.elsevier.com>. The page header includes the Elsevier logo, the text "JournalFinder", and navigation links for "Find journals", "About", and "FAQ". The main heading is "Find journals". Below this, a paragraph explains the tool's purpose: "Enter title and abstract of your paper to easily find journals that could be best suited for publishing. JournalFinder uses smart search technology and field-of-research specific vocabularies to match your paper to scientific journals." A link for "More on how it works" is provided. The search form consists of two input fields: "Paper title" with the Persian instruction "عنوان مقاله را وارد کنید" and "Paper abstract" with the Persian instruction "چکیده مقاله را وارد نمائید حداکثر ۵۰۰۰ کلمه". A link "Don't have an abstract?" is also visible next to the abstract field.

Abstract

This study was aimed to evaluate the effects of zinc (Zn) supplementation on serum levels of vascular endothelial growth factor (VEGF), brain-derived neurotrophic factor (BDNF), and nerve growth factor (NGF) in patients with diabetic retinopathy (DR). Methods: In this randomized clinical trial, 50 patients with DR were allocated into the Zn (n = 25) and placebo (n = 25) groups to receive 30 mg Zn gluconate or maltose dextrin per day, respectively, for three months. **Welcome to Jane**

Have you recently written a paper, but you're not sure to which journal you should submit it? Or maybe you want to find relevant articles to cite in your paper? Or are you an editor, and do you need to find reviewers for a particular paper? Jane can help.

Just enter the title and/or abstract of the paper in the box, and click on 'Find journals', 'Find authors' or 'Find Articles'. Jane will then compare your document to millions of documents in PubMed to find the best matching journals, authors or articles.

**Keyword search**

Instead of using a title or abstract, you can also search using a keyword search, similar to popular web search engines. Click [here](#) to search using keywords.

**Beware of predatory journals**

JANE relies on the data in PubMed, which can contain papers from predatory journals, and therefore these journals can appear in JANE's results. To help identify high-quality journals, JANE now tags journals that are currently indexed in MEDLINE, and open access journals approved by the Directory of Open Access Journals (DOAJ).

The screenshot shows the Scopus Sources interface. At the top, there are navigation links for Search, Sources, Lists, and SciVal. The main heading is "Sources". Below it, there is a "Subject area" dropdown menu and a search input field with the placeholder "Enter subject area". The current subject areas are "Medicine" and "Anatomy".

A notification box titled "Improved Citescore" states: "We have updated the CiteScore methodology to ensure a more robust, stable and comprehensive metric which provides an indication of research impact, earlier. The updated methodology will be applied to the calculation of CiteScore, as well as retroactively for all previous CiteScore years (ie. 2018, 2017, 2016...). The previous CiteScore values have been removed and are no longer available. View CiteScore methodology.".

On the left, there are "Filter refine list" and "Display options" sections. The "Filter refine list" includes "Apply" and "Clear filters" buttons. The "Display options" section has several checkboxes: "Display only Open Access journals", "Counts for 4-year timeframe", "No minimum selected" (which is selected), "Minimum citations", "Minimum documents", "Citescore highest quartile", and "Show only titles in top 10 percent".

The main content area shows "13,342 results". There are links for "Download Scopus Source List" and "Learn more about Scopus Source List". Below this is a table of results with columns for "Source title", "CiteScore", "Highest percentile", "Citations 2017-2020", "Documents 2017-2020", and "% Cited". # CALL FOR PAPERS

<https://www.nature.com/srep/calls-for-papers>

The screenshot shows a web browser displaying the Springer Science Reports website. At the top, there is a navigation bar with the Springer logo and the text "scientific reports". To the right of the logo are links for "View all journals", "Search", and "Log in". Below the navigation bar, there are three main menu items: "Explore content", "About the journal", and "Publish with us". On the right side of this menu, there are links for "Sign up for alerts" and "RSS feed".

The main content area features a breadcrumb trail: "nature > scientific reports > calls for papers". Below this, the heading "Calls for papers" is displayed in a large, bold font. Underneath the heading, a paragraph of text reads: "Highlight your research and enhance its visibility to your field and community by submitting to one of our calls for papers, for our upcoming Guest Edited Collections. For enquiries, please contact [scirep.collection@springernature.com](mailto:scirep.collection@springernature.com)."

Below the text, there is a "Subject" section with a dropdown menu currently set to "All". At the bottom of the page, there is a "Collection" section with the heading "Biofilm-related infections".

An advertisement for "Springer Finance Lecture Notes" is visible at the top of the page, with a "Submit your proposal" button. A Windows watermark is present in the bottom right corner of the screenshot.

# CALL FOR PAPERS

<https://www.emeraldgrouppublishing.com/publish-with-us/calls-for-papers>

The screenshot shows the Emerald Publishing website's 'Calls for papers' page. The browser address bar displays the URL: <https://www.emeraldgrouppublishing.com/publish-with-us/calls-for-papers>. The page header includes the Emerald Publishing logo and a navigation menu with options: 'Publish with us', 'Explore our content', 'Discover our services', 'How to', and 'Who we are'. A search bar and 'GET IN TOUCH' link are also present.

The main content area features a breadcrumb trail: 'Home > Publish with us > Calls for papers'. The title 'Calls for papers' is prominently displayed, followed by a sub-header: 'Here are the latest calls for papers and special issues from our extensive journal and case study range.'

Below the header, there are controls for sorting and filtering. The 'Sort by' dropdown is set to 'Most recent'. A 'Find a journal' link is visible. The page displays two call for papers cards and a filter sidebar.
